**INNEGRA TECHNOLOGIES TO OFFER WORKSHOPS AT EAA AIRVENTURE OSHKOSH 2015**

Composite Engineer, Russ Emanis to lead composite workshops at EAA AirVenture July 20-26, 2015.

**June 16, 2015 - Greenville, SC** - Innegra Technologies is pleased to participate in the 2015 EEA AirVenture Show in OshKosh, Wisconsin the week of July 20<sup>th</sup>, 2015.

Russ Emanis, Chief Composites Engineer for Innegra Technologies, will expand upon his presentations from previous years by featuring new materials and techniques in making composite parts. During his demonstrations he will discuss the use of prepreg and infusion for different aircraft parts including, fuselage, wing center section skins, and horizontal stabilizer skins. Fabrics containing Innegra fiber will be a primary focus.

Join Russ to learn best practices when using Innegra materials in composites to increase toughness and durability, minimizing catastrophic failure in a composite part. Innegra fiber can also provide benefits in energy dissipation, vibration dampening and weight reduction. Experimental aircraft builders and manufactures alike will find value in his discussions and demonstrations.

Location: Replica Fighter Association Building, J-4

Workshop Schedule:

<b>Workshop</b>	<b>Topic</b>	<b>Time</b>
Tuesday July 21 <sup>st</sup>	Prepreg and layup for aircraft fuselage and other parts	9am-2pm
Wednesday July 22 <sup>nd</sup>	Bagging techniques: proper plumbing set up, infuse molds from day 1 demo	9am-2pm
Thursday July 23 <sup>rd</sup>	Infusion of fuselage, wing center section skin, and horizontal stabilizer skins	9am-2pm

**About Innegra Technologies**, Greenville, SC. Innegra Technologies, LLC is an advanced materials company that develops high performance composite fibers. Our primary product is Innegra S, which is made from 100% polypropylene. Our fiber is lightweight, tough, and recyclable. Innegra Technologies is dedicated to the continued development of Innegra yarns for high-performance applications. [www.innegrates.com](http://www.innegrates.com)

**About EAA AirVenture**, Oshkosh, WI. From humble beginnings more than 60 years ago, EAA AirVenture has evolved from a small gathering of aircraft and aviators into a grand, weeklong celebration known as The World's Greatest Aviation Celebration. EAA AirVenture now serves as one of the world's premier aviation events, attracting top government officials, corporate leaders and hundreds of thousands of aviation enthusiasts. An AirVenture participant can study the latest aircraft and innovations discover new ideas and techniques from the nearly 1,000 forums and workshops, see aviation's top personalities, or just talk airplanes with people from around the world.
